DUCK. ALIEN ENEMY CONTROL. BEDFORD SPRINGS HOTEL, BEDFORD PA., IS OWNED BY BEDFORD SPRINGS CORPORATION, INCORPORATED WILMINGTON DELAWARE. GEORGE WILSON, PRESIDENT. THIS HOTEL IS SUMMER RESORT TYPE AND IS LOCATED ONE AND THREE-QUARTER MILES FROM BEDFORD ON ROUTE TWO TWO N. THE HOTEL CONSISTS OF SEVEN BUILDINGS, SIX OF WHICH ARE LONG RAMBLING WOODEN SUMMER RESORT TYPE, AND ONE NEWER BUILDING WITH SIXTY NINE SLEEPING ROOMS IS BRICK. ENTIRE HOTEL HAS THREE HUNDRED FIFTY ROOMS AND THERE IS ONE ADJOINING BATH FOR EACH TWO ROOMS. THREE HUNDRED ROOMS HAVE TWIN BEES AND FIFTY ROOMS HAVE FULL SIZED BEDS.

EACH BUILDING HAS APPROXIMATELY TWELVE ENTRANCES AND EXITS. AS EACH XXXX AS EACH BED ROOM HAS A DOOR OPENING ONTO A PORCH, AND TWELVE ENTRANCES MENTIONED ARE ON THE GROUND FLOOR. EACH ROOM ON SECOND AND THIRD FLOOR ALSO HAS A DOOR LEADING ONTO A PORCH.

THE DINING ROOM SEATS FIVE HUNDRED PERSONS AND THERE IS A SMALL ADDITIONAL ROOM SOMETIMES USED AS A BALL ROOM WHICH WOULD SEAT ONE HUNDRED TWENTY FIVE ADDITIONAL PEOPLE.

THE VIEW ON ONE SIDE OF THE HOTEL IS UNOBSTRUCTED AS THERE IS A ONE HUNDRED TEN ACRE, EIGHTEEN HOLE GOLF COURSE AND TENNIS COURTS. HOWEVER IN REAR OF HOTEL THERE IS A WOODED AREA WHICH STARTS ABOUT THREE HUNDRED YARDS FROM THE BUILDINGS IN SOME PLACES AND IN OTHER

Pg 1

PLACES STARTS AS CLOSE AS ONE HUNDRED FIFTY TO ONE SEVENTY FIVE YARD
THE FRONT OF HOTEL HAS A LAWN ABOUT ONE FIFTY YARDS WITH VERY FEW
SHADE TREES.

ONLY THE LOBBIES OF THE BUILDINGS ARE HEATED, AND THE HEATING OF
THE ENTIRE SLEEPING ROOMS WOULD PRESENT A BIG PROBLEM. IN VIEW OF THE
FACT THAT THIS HOTEL HAS SEVEN BUILDINGS WITH MANY ENTRANCES AND EXITS
ON THE GROUND FLOOR, THE GUARD PROBLEM WOULD BE TERRIFIC. IT IS NOT
BELIEVED THE BEDFORD SPRINGS HOTEL IS SUITABLE FOR DETENTION PURPOSES.

FBI Rounding Up Enemy Aliens Throughout Area

PITTSBURGH—(INS)—In a series of Western Pennsylvania raids, the Federal Bureau of Investigation today began a roundup of 28 enemy aliens suspected of subversive activities.

Joseph E. Thornton, special agent in charge of the Pittsburgh office, disclosed that 48 agents, supplemented by Pennsylvania Motor Police and local enforcement agencies, participated in the raids which began at 9 o'clock this morning.

"Operating on tips from civilians," Thornton said, "our men have been armed with war-time warrants, authorized by the U. S. attorney."

"They have been told to look for short-wave radios, cameras, guns, dynamite and other articles of contraband which should have been turned in by January 8."

Thornton said the raids made and the number of persons involved in each were:

Number Listed Locally
City of Bedford, 1; City of Erie, 6; Erie County, 1; Crawford County, 1; City of Clairton, 1; Greene County, 1; Ligonier, Westmoreland County, 1; Lawrence County, 1; Schuylkill County, 6; Johnstown, 1; Port Borough, 1; Altoona, 2; Pittsburgh, 5.

Chief said that all the persons were either Germans or

Italians and that no Japanese nationals were involved. "They will be taken to the nearest jail," he added, "and from there will be brought to Pittsburgh and turned over to the immigration authorities."

Thornton said the raids were authorized because the contraband equipment was not reported to proper authorities. He added, however, that agents will not disturb any person who has a permit to operate or own the contraband.

No Information Here
No information on the scheduled raids locally was available here up to a late hour today.

Pennsylvania Motor Police officials said no men had been sent out to assist FBI agents in the roundup. No arrests were reported at either city police headquarters or the police station in Westmont.

Two Enemy Aliens Sought Here by FBI

G-Men Start Roundup
 In Western Pennsylvania;
 Hunt Seven in Cambria

Two Altoona enemy aliens were listed among 28 persons sought by agents of the federal bureau of investigation who began yesterday the first big roundup of axis nationals since the present war began.

In keeping with FBI policies, the names of the local aliens, as well as the others were not disclosed.

Joseph E. Thornton, special agent in charge of the FBI Pittsburgh office, announced that the aliens were being apprehended on war warrants for failing to surrender firearms, radios, cameras and explosives ordered to be given up by January 8.

The group of aliens, including three women, were described as either German or Italians. Among those sought also were seven in Cambria county.

HELD WITHOUT BOND

Suspects arrested will be held without bond and turned over to the immigration bureau pending hearings before the enemy alien control board.

Agent Thornton reported complaints had been received in the Pittsburgh office that articles of contraband were in the possession of enemy aliens. He added that in some cases arrests might not be made if contraband has been surrendered since the time complaints were received.

A shotgun was found in a house occupied by a German in Bedford

Re: FIELD DIVISION ARREST REGISTER
INTERNAL SECURITY
ALIEN ENEMY CONTROL

Dear Sir:

Reference is made to Bureau letter of September 28, 1942,
(100-2-42).

Because of a misunderstanding at the Pittsburgh Field Division, no weekly arrest registers have been submitted to the Bureau since August 15, 1942. Upon receipt of the Bureau letter of September 28, 1942, it was found that there were no weekly arrest register forms in the Pittsburgh Field Division and a supply was requested by teletype dated October 3, 1942. However, possibly through inadvertence, a supply of weekly forms for the unexecuted arrest register were furnished by the Bureau instead of weekly arrest register forms.

In order that the statistics from the Pittsburgh Field Division may not become further delinquent, there are being submitted herewith one permanent arrest register, German, and one permanent arrest register, Italian, showing all arrests which took place during the period that weekly forms were not being sent to the Bureau. If this arrangement does not meet with the approval of the Bureau, weekly arrest register forms will be prepared and forwarded upon receipt of the proper blanks from the Bureau.

Please be advised that from August 15 to the present date no arrests of aliens or citizens of Japanese, Roumanian, or Hungarian extractions have been made in this Field Division. The total number of apprehensions to date made by this office is, 7

Re: INTERNAL SECURITY
ALIEN ENEMY CONTROL

Dear Sir:

This is to advise that during the week of October 23, 1942 the Pittsburgh office made no arrests of aliens or citizens of Japanese, Italian, Rumanian, Bulgarian, or Hungarian extraction. A Presidential Warrant forwarded by the Bureau for the arrest of Mrs. [REDACTED] was executed on October 27, 1942, and there is enclosed herewith one weekly Field Division Arrest Register--German--upon which that arrest is set out.

There is also being enclosed herewith one weekly Field Division Arrest Register--Italian--upon which is set out the arrest of [REDACTED], with alias, which was not previously reported to the Bureau.

The following is a disposition for an arrest already reported to the Bureau:

PITT-G 30 [REDACTED]; given hearing before A. E. Hearing Board October 27, 1942 - interned.

The attention of the Bureau is directed to Pittsburgh letter, dated October 16, 1942, in which the total number of German aliens arrested by the Pittsburgh Field Division was erroneously set out as thirty-seven rather than thirty-eight, and the total number of Italian aliens as thirty-seven rather than thirty-one.

Please be advised that the correct total number of apprehensions to date made by this office is broken down as follows:

39 Aliens of German Nationality
1 Alien of Croatian Nationality
1 Alien of Turkish Nationality
1 Alien of Jugoslavian Nationality
32 Aliens of Italian Nationality

Re: Field Division Arrest Register

Bureau File #100-2-42

Dear Sir:

Reference is made to Bureau letter dated January 13, 1944 calling attention to certain discrepancies in the Quarterly Recapitulation letter from this office dated January 4, 1944. The difference between the Bureau's figures and those of this office regarding the number of German aliens and American citizens apprehended is due to the fact that [REDACTED] was being considered as a German alien inasmuch as his American citizenship had never definitely been proved. However, the figures of this office are being changed to agree with those of the Bureau because Subject [REDACTED] insists that he was born in this country, and it appears that there is no evidence to disprove his story.

Hence, the following citizens should be listed as apprehended by this office: [REDACTED]

The error by which [REDACTED] and [REDACTED] were assigned the same arrest registry number has been corrected, and [REDACTED] retains No. PIT G 52, and [REDACTED] has been assigned No. PIT G 86. Although these two individuals were previously carried as one entry on the Arrest Registry, they were evidently counted as two individuals apprehended, since the Bureau's total of 79 German aliens and 7 American citizens of German tendency is still correct.

While talking to me about another matter, SAC
Deers of the Philadelphia Office telephonically advised
that he was still attending all hearings being held in con-

that he would continue to do so until everything was
straightened out in order that future trouble in this regard
might be avoided.

SAC Sears of the Philadelphia Office telephonically contacted me about the following teletype which he had received: "In accordance with previous instructions transmitted to you it is desired that you promptly furnish to the Bureau by teletype the names and identifying and supporting data concerning any German, Japanese or Italian aliens in your district who you believe should be taken in custody under the provisions of the Presidential proclamations issued up to the present time". He seemed to feel that this canceled previous instructions to the effect that the decision to pick up these aliens was left to the SAC.

I told him this was true only to a certain extent; that in the usual cases the matter could be submitted to the Department for an opinion before taking any action. However, I indicated to him that he should use his judgment in exceptional cases; that in cases demanding immediate attention, he should go ahead and apprehend these people.

Respectfully,

115 Aliens Interned— At Gloucester Include Professor at U. of P.

The number of aliens interned at the Gloucester Detention Home of the Bureau of Immigration grew yesterday to 115. About 80 of these were taken into custody by the FBI since the first major round-up Sunday night. It was indicated that the FBI lists of "potentially dangerous aliens" had been so carefully prepared that no new sweep was made necessary by yesterday's formal declarations of war on Germany and Italy.

ONLY EIGHT JAPANESE

Among the aliens at Gloucester were eight Japanese. The rest were Germans and Italians, it was said, all of whom will have hearings to determine their future status and whether or not they will be sent to internment camps.

The men awaiting such hearings included Dr. Hermann Ranke, one of the world's greatest authorities on Egypt, and, since 1938, Visiting Professor of Egyptology at the University of Pennsylvania, authorities said.

Dr. Ranke intended to return to his professorship at Heidelberg University in Germany 18 months ago. University of Pennsylvania officials said, but the entrance of Italy into the war made it impossible for him to obtain passage.

At the suggestion of the university here, he reported his presence to the FBI in July, 1940, and had kept the FBI informed of his status, university spokesmen said.

PRINCESS THERE, TOO

Dr. Ranke lived at Alden Park Manor, Wessabickon ave. and School lane. His wife accompanied him here in 1938 but she left for Germany just before his own scheduled departure in June of 1940.

The best known of the internees at Gloucester remained the Princess Stephanie Hohenlohe-Waldenburg-Schillingsfurst, red-haired mystery woman of diplomacy.

No special privileges were given her. She shared a second-floor room with several other women at the detention barrack, also in the general third-floor cafeteria and was not above peering out her window with the other women watching for friends among the visitors.

CALLERS NOT ADMITTED

Although several callers attempted to see her, none was admitted, it was said, because none could prove relationship. Their names were not revealed.

A general ban on information about the men and women interned at the barracks was ordered by Acting Director H. H. Ziepfel, who included Inspector Adolph Schlavo, charge of the Detention House, among all reporters and photographers.

MEMORANDUM FOR MR. STRICKLAND

While talking with SAC Sears of the Philadelphia Office telephonically, he inquired as to what action he could take concerning those aliens who are released by the Special Defense Unit after the Hearing Boards have ordered internment.

I told Mr. Sears that in such cases he should submit complete facts to the Bureau and that we will make a protest concerning same to the Attorney General. Mr. Sears stated that he had two such cases on which he would submit full facts to the Bureau.

RE: INTERNAL SECURITY
ALIEN ENEMY CONTROL

Dear Sir:

Reference is made to Bureau letter dated February 28, 1942, requesting that the files of each Field Division be reviewed and summary report submitted reflecting information concerning individuals of Spanish, French, Portuguese, and Finnish nationalities or sympathies, and also concerning individuals who are citizens of occupied countries.

Please be advised that the review of the files of this office has been completed, and that summary reports in those cases not requiring further investigation are being submitted. Cases necessitating additional investigative attention are being placed in line for same and, upon completion, if the facts warrant, will be made the subject of summary reports.

It is noted that a number of cases involving subjects of the listed nationalities have been assigned to police departments for investigation, the reports of which have not been received to date. These cases will be closely followed; and, in the event that evidence tending to establish the dangerousness of such individuals is established, summary reports will be promptly submitted to the Bureau.

Dear Sir:

RE: INTERNAL SECURITY
ALIEN ENEMY CONTROL

The New Orleans Field Division has requested this office to furnish to the New Orleans and Jackson Offices a list of French Alien enemies residing in Louisiana and Mississippi, respectively.

CHARLES H. KINGSBURY, Chief of Records, Examining and Review Section, Alien Registration Division, Immigration and Naturalization Service, Philadelphia, advised that no such lists are available to date. Mr. KINGSBURY said that the Division plans to tabulate all alien enemies as to their respective nationality and areas of residence. However, he could not advise how soon that Division intended to complete this work. It was Mr. KINGSBURY's suggestion that Major LEMUEL SCHOFIELD, Special Assistant to the Attorney General, be contacted in order that arrangements might be effected to have such lists made up within the near future.

It is requested that the Bureau make appropriate arrangements in order that such lists may be made available as soon as possible.

Very truly yours,

J. F. Seane

Dear Sir:

In connection with the activities of this Bureau, inquiry has been made of your Service concerning a list of French aliens who registered under the Alien Registration Act and who reside in the states of Louisiana and Mississippi. I have been informed that no such list is available to date, but that plans are being made to tabulate all aliens as to their respective nationalities and areas of residence.

In view of the possibility that the United States may sever relations with the Vichy Government, I would appreciate being advised when such a list will be tabulated.

Re - FIELD DIVISION ARREST REGISTER

Dear Sir:

Reference is made to Bureau letter dated April 20, 1942,
in connection with the above entitled matter.

It is noted the fifth paragraph of this letter states this office was instructed to notify the Bureau by teletype of individuals apprehended under the Alien Enemy Control Program. By teletype dated December 14, 1941, the Bureau instructed that it should be advised by teletype of the apprehension of each alien enemy, followed by an investigative report. No request was made that the Bureau be advised of the arrest of citizens. This office was proceeding on the theory that no citizens were actually arrested, as they voluntarily accompanied agents to the Philadelphia Field Division for questioning. It was not thought the Bureau would want to go on record as having arrested citizens. These individuals, however, were taken into Federal custody and were voluntarily brought to the Philadelphia Field Division for questioning, following which, upon proper proof of citizenship, they were released.

For statistical purposes, it was believed the Bureau would desire information as to the number of such persons who were taken into custody and brought to the Philadelphia Office for questioning even though such individuals were later released. By letter dated February 17, 1942, the Bureau stated....."The foregoing instructions do not obviate the necessity of immediately advising the Bureau by teletype of each apprehension, including cases where the subject was later released". All of the citizens who were taken into custody by this office were brought in before February 17, 1942. In fact, all these individuals were taken into custody on and prior to December 12, 1941, before receipt of Bureau teletype of December 14, 1941. The Bureau was, nevertheless, advised by teletype of the citizenship of all individuals whose arrest had been requested by the Bureau.

Letter to the Director

April 25, 1942

It will be recalled that at the inception of the alien enemy apprehension program, a number of apprehensions were effected prior to receipt of specific instructions from the Bureau. In a number of these cases, when the individuals were brought to the Philadelphia Office it was determined that they were in fact citizens and were then released. The Bureau was not advised by teletype of the release of such individuals inasmuch as they were not enemy aliens whose apprehension had been requested, but were in fact citizens and not "arrested". The Bureau was advised by teletype of the citizenship of all individuals whose arrest was requested and who, upon investigation, were determined to be citizens.

Reference letter further states that the report of Special Agent [redacted], Philadelphia, dated 2-12-42 entitled [redacted], Internal Security-G, reflects that [redacted] is a United States citizen and was apprehended December 9, 1941, by agents of this office and a representative of the Pennsylvania Motor Police, and was released when he furnished proof of citizenship. Reference letter states the Bureau was not advised of the apprehension of this individual, and had no knowledge of his apprehension prior to the receipt of the report of Special Agent [redacted] and, further, the apprehension of [redacted] was not recorded on the arrest register submitted by this office. In this connection, by teletype dated December 12, 1941, the Bureau authorized the arrest of [redacted], [redacted] North [redacted] Street, Reading, Pennsylvania. In order to prevent confusion, the Bureau was advised by teletype of December 19, 1941, that [redacted] is a naturalized citizen. Investigation disclosed that [redacted] true name is [redacted], which information is set forth in the first paragraph of the initial report of Special Agent [redacted], previously referred to. [redacted] was never taken into Federal custody due to his citizenship, but was questioned at the barracks of the Pennsylvania Motor Police, Reading, Pa. "Federal custody" was interpreted to mean those instances where the individuals were brought to the Field Office for questioning.

In connection with the apprehension of one [redacted], who is carried under numbers [redacted] and [redacted] on the Philadelphia German Arrest Register, the second arrest number will be used, in accordance with Bureau desires. This individual has actually been taken into custody three times, twice under [redacted] and once under [redacted]. In the future, she will be assigned [redacted] and [redacted] will be re-assigned, if this is in accordance with Bureau desires.

Letter to the Director

April 25, 1942

In order that there may be no further misunderstanding as to the method of handling the apprehensions or taking into custody of citizens, the Bureau is requested to specifically advise how the following arrests should have been recorded on the Philadelphia German Arrest Register:-

██████████, Philadelphia ██████, was arrested upon the authority of the Special Agent in Charge and brought to the Philadelphia office, where he was released upon proof of citizenship. cc

The apprehension of ████████████████████, Philadelphia ██████, was authorized by Bureau teletype. ██████ was brought to the Philadelphia Field Division and released upon proof of citizenship, the Bureau being advised of his citizenship by teletype December 13, 1941. Dmr

██████████, Philadelphia ██████, voluntarily came to the Philadelphia Field Division, where he was questioned by Bureau Agents and released upon proof of citizenship. He was in Federal custody but not arrested. Val

The apprehension of ████████████████████, Philadelphia ██████, was authorized by Bureau teletype. ██████ was brought to the Philadelphia Field Division where he proved his citizenship and was then released, the Bureau being so advised by teletype December 13, 1941. Dmr

██████████, with aliases, Philadelphia ██████, was taken into custody upon the authority of the Special Agent in Charge, and voluntarily accompanied agents to the office, where he was questioned and released upon proof of citizenship. This individual was in Federal custody but not arrested. The same situation applies to ████████████████████, Philadelphia ██████, and ████████████████████, Philadelphia ██████. cc

The apprehension of ████████████████████, Philadelphia ██████, was authorized by Bureau teletype. ██████ was taken into custody and brought to the Philadelphia Field Division, as was his wife, ████████████████████, Philadelphia ██████, who accompanied him. The ████████████████████ were released upon proof of citizenship, the Bureau being so advised as to ████████████████████ on December 19, 1941, by teletype. These individuals were in Federal custody but not arrested. cc

██████████, Philadelphia ██████, was taken into custody upon the authority of the Special Agent in Charge and brought to the Philadelphia Field Division, where he was questioned and released upon proof of citizenship.

~~REDACTED~~, Philadelphia ~~REDACTED~~, a German alien, was voluntarily questioned at the Philadelphia Office and released because of insufficient evidence indicating un-American tendencies. VH

The Philadelphia Field Division attempted to draw a distinction between the arrests and the taking into custody of an individual inasmuch as it was not felt the Bureau would want to go on record as having arrested citizens under the Alien Enemy Apprehension Program. It was felt, however, that for statistical purposes, the Bureau would desire to know the number of such individuals who were actually brought into this office for questioning. Accordingly, the names of all individuals brought to the office in connection with this program have been recorded on the register, with no individuals who were released prior to the time they were brought to the office being listed.

As soon as the Bureau advises this office as to the proper method for handling the apprehensions described herein, the Philadelphia German Arrest Register will be corrected and returned.

RE: FIELD DIVISION ARREST REGISTER
Alien Enemy Control

Dear Sir:

Reference is made to your letter dated April 25, 1942, in which you requested to be advised as to what entry should be made upon the Field Division Arrest Register with respect to certain individuals.

As you will appreciate, the circumstances surrounding each and every arrest varies, and rather than advise you as to the specific entries which should be made with respect to the individuals mentioned in your letter, the following principles which should govern the reporting of apprehensions on the Arrest Register are being set forth:

You should consider that a Bureau apprehension has been effected in each of the following situations:

- (1) where the subject is apprehended by a Bureau Agent or by a local law enforcement officer at the direction of a Bureau representative on
- (a) the basis of a Presidential Warrant
 - (b) the authorization of the United States Attorney
 - (c) pursuant to the execution of an Executive Search Warrant
 - (d) pursuant to the execution of a Special Executive Warrant
 - (e) the authority of the Special Agent in Charge during the time when such authority for the arrest of alien enemies was in effect;

- (2) where the subject has been apprehended by local law enforcement officers and the facts have been referred to you, whereupon you consult the United States Attorney and at his direction you authorize the local law enforcement agency to hold the subject;

- (3) where an individual is arrested by local law enforcement officers and after the facts in the case have been presented to the United States Attorney, a Bureau representative takes the subject before the United States Attorney for a hearing.

In the latter two instances, the final opinion of the United States Attorney as to whether or not the subject should be released does not affect your reporting of the arrest. In each of those instances where subjects are ordered released, you would show on the Arrest Register in the appropriate column that they were released by the Federal Bureau of Investigation, and under the column "Remarks" you would note "on the order of the United States Attorney".

The above principles may be summarized by saying that a subject has been apprehended by the Bureau when his apprehension was directly effected either by Bureau representatives or at their direction; if at any time the alien enemy is in the custody of a Bureau representative in connection with the Alien Enemy Control Program; or if at any time he was, upon the direction of a Bureau Agent, held by a local law enforcement agency.

With reference to the next to the last paragraph of your letter of April 25, 1942, wherein you stated that the Philadelphia Field Division attempted to draw a distinction between the arrests and the taking into custody of an individual inasmuch as it was not felt the Bureau would want to go on record as having arrested citizens under the Alien Enemy Apprehension Program, you are advised that the Bureau does not desire to report the arrest of any individual, citizen or alien, who was not apprehended in accordance with the principles outlined above. The distinction which you attempt to draw between the arrest and the taking into custody of an individual is ambiguous for the reason that the taking into custody implies an arrest or restraint of liberty. A clear distinction may be made in those cases where an individual voluntarily appeared at the Field Office or voluntarily accompanied an Agent to the Field Office or other office where he was questioned and released on proof of citizenship, or for other reasons.

Bureau letter of April 20, 1942, made reference to the failure of your office to list the name of ~~XXXXXXXXXXXX~~ on the Arrest Register submitted by your office in view of the statement in the report of Special Agent ~~XXXX~~ dated February 12, 1942, that ~~XXXXXXXX~~ was arrested on December 9, 1941, at his home by Agents of your office, together with a representative of the Pennsylvania Motor Police, and was taken to the Pennsylvania Motor Police Barracks at West Reading, Pennsylvania, where he was released upon furnishing proof of his citizenship. Unless there are additional facts in connection with the arrest of ~~XXXXXXXX~~, not in the possession of the Bureau, it would appear that ~~XXXXXXXX~~ apprehension and release should be reported on the Arrest Register.

You are instructed to make the necessary revisions on the Arrest Register maintained by your office in accordance with the principles outlined above and to forward a duplicate copy of your Register to the Bureau promptly.

Re: FIELD DIVISION ARREST
REGISTERS

Dear Sir:

I am returning herewith, the Field Division Arrest Register of German individuals apprehended by your office, forwarded with your letter dated March 30, 1942.

It is noted that the names of five citizens and one alien are listed on the Arrest Register and have been assigned arrest serial numbers although you state on the Arrest Register, with respect to these individuals, "Not arrested. Voluntarily questioned."

In view of the fact that the purpose of the Arrest Register is to record the arrest of and pertinent information relative to individuals apprehended under the Alien Enemy Control Program, if these individuals were not arrested they should not be recorded on the Arrest Register.

The Bureau is cognizant of the fact that a number of individuals were voluntarily questioned and not arrested by Bureau Agents in connection with the apprehension of alien enemies, and it is assured that reports emanating from your office will reflect that information. However, if an individual, whether a citizen or alien, was apprehended or placed in Federal custody even though he was later released, the apprehension as well as the disposition should be recorded on the Arrest Register.

You have been instructed to notify the Bureau by teletype of individuals apprehended under the Alien Enemy Control Program, however, the Bureau files do not reflect such teletype information with respect to the citizens apprehended by your office. In addition the report of Special Agent [redacted] dated February 12, 1942, entitled [redacted], INTERNAL SECURITY - C., reflects that [redacted], a United States citizen, was apprehended on December 9, 1941 by Agents of your office [redacted] the Pennsylvania Motor Police and was released when he furnished proof of his citizenship. The Bureau was not notified of the apprehension of this individual and had no knowledge of his apprehension prior to the receipt of the report of Special Agent [redacted]. Furthermore, the apprehension of [redacted] was not recorded on the Arrest Register submitted by your office.

The Arrest Register also reflects the apprehensions of one [redacted] on November 11, 1941, and on March 10, 1941, (0-4555). In the event these entries reflect the apprehension of the same individual both apprehensions should be reported under the same arrest serial number.

It is desired that this procedure be followed in all cases where the same individual is arrested more than once.

You are instructed to resubmit the enclosed Arrest Register in accordance with the above instructions, and to forward the corrected Register to the Bureau immediately. It is imperative that the Arrest Register be properly prepared in order that the Bureau records may accurately reflect the apprehensions and dispositions of alien enemies by your office, and I desire that you give this matter your immediate attention.

PHILADELPHIA FIELD DIVISION

WEEK OF 7-6-42 TO 7-11-42

[illegible]

IDENTITY OF THOSE TAKEN NOT REVEALED

Among Group of Twenty Seized In FBI Raids at Three Points.

(By United Press.)
GLOUCESTER, N. J., July 3.—About twenty enemy aliens, seized in raids in Altoona and Chester, Pa., and Wilmington, Del., were interned in the immigrant station here today, following their transfer from Philadelphia FBI headquarters.

The twenty were regarded as the most dangerous of the 100 suspects rounded up in raids in the last several days.

Taken In Raids.

The foregoing United Press dispatch confirms the fact that a number of Altoonans were detained in the FBI-sponsored raids upon 25 homes in this city on Wednesday night.

Efforts to learn the identity of any of the enemy alien suspects, who were served with "spot-check" warrants, proved unavailable while also the authorities, including G-men, state motor police and city police, declined to reveal names.

John P. Sears, FBI director in charge of the Philadelphia district, directed the raids in this city. He returned to the district office yesterday noon after being in the city for several days.

Number of Altoonans being held for the enemy alien board of review.

Contraband Seized.

It was known that certain alien contraband, including radios, guns, ammunition, cameras and binoculars, was sought in the mass raids in this city and such material was found in possession of the aliens when searches were made of their homes.

Twenty-five FBI agents, directed by Sears, eighteen city police and ten state motor police had part in the raids here on Wednesday night. The warrants were designated as "presidential warrants" and dealt with violations of federal statutes governing enemy nationals.

While officials declined to confirm or deny the angle that the local raids were spurred by the recent arrest of eight Nazi saboteurs who listed the Horseshoe curve as one of their objectives for disruption of vital defense transportation, this was regarded as one of the principal motives for the raids in this city.

May Have Had Contacts.

In connection with the Nazi spies' plotting, it was the opinion of many that the eight men may have had local contacts in their program to dynamite the Pennsylvania railroad's famed Horseshoe curve, although such information was not disclosed by the FBI agents when they were in this city.

The Altoonans arrested and now being held by the FBI may become known when their fate is decided by the enemy alien board of review, which has the jurisdiction to determine whether or not the suspects will be interned or released for the duration of the war.

**FBI Agents Question
 Suspect Nabbed Here**

FBI agents today ordered detention of a 32-year-old New York man, who was taken off a Harrisburg-bound train by railroad and city police last evening. Authorities said he had maps, photographs and a large sum of money in his possession.

The suspect was quizzed during the night and again this morning by FBI agents, who said further investigations will be made. Meanwhile, films in the man's possession were being developed.

Detective John St. Clair said the man carried \$1,023.88 in cash. The money, maps and films were turned over to FBI agents. Police said the man had come from New York and quoted him as saying he was on his way to see relatives in Harrisburg.

RE: FIELD DIVISION ARREST REGISTERS
ALIEN ENEMY CONTROL

Dear Sir:

The Bureau files reflect that the weekly Arrest Register for the week of August 15, 1942, was the last weekly Arrest Register received from your Office. It is desired that you bring these Registers up to date by reporting all subsequent apprehensions and dispositions on the weekly Arrest Register for the week of January 2, 1943.

In this connection, your attention is directed to the instructions contained in Section B, Bureau Bulletin Number 69, dated November 25, 1942, to the effect that it is necessary to continue to submit the weekly Arrest Register to the Bureau. By Bureau letter dated August 13, 1942, you were authorized to discontinue forwarding a weekly record of unexecuted warrants to the Bureau, however, the instructions contained in Bureau letter dated February 17, 1942, pertaining to the preparation and submission of weekly Arrest Registers have not been cancelled.

You were also advised by Bureau Bulletin Number 69 that it would no longer be necessary to transmit to the Bureau by teletype the monthly recapitulation of alien enemy apprehensions. This same information should be forwarded to the Bureau by letter to reach the Bureau by noon of the first Tuesday of each month. It is noted that by teletype dated December 17, 1942, your Office furnished a recapitulation of alien enemy apprehensions which was not in accordance with these instructions. It is desired that you comply with the instructions in Bureau Bulletin Number 69 hereafter.

You were also advised that it is still necessary to report each individual apprehension of an alien enemy to the Bureau by teletype. You have failed to comply with these instructions with respect to several recent apprehensions by your Office, and I desire that you immediately notify the Bureau by teletype of the identity, date, and authority for the apprehension of each alien enemy in the future.

The matters referred to in this letter should be given your prompt attention in order that the Bureau records may be complete and current.

 Quarterly Recapitulation Letter

Reference is made to your letter dated April 4, 1944, reflecting the arrests of all aliens and citizens since December 7, 1941. Your records reflect 298 German aliens as having been apprehended previous to January 4, 1944 and 4 as having been apprehended during the first quarter of 1944, or a total of 302 German alien apprehensions. A review of the Bureau indices indicates 287 German aliens apprehended as of April 4, 1944, in addition to 10 American citizens of German nationality, or a total of 297 aliens and citizens of German tendencies. You are instructed to review your permanent arrest register for any discrepancies and submit the results by return mail.

For your information, our indices indicate 78 Italian apprehensions with arrest numbers I-6 and I-25 missing, and an apprehension for [redacted] but no arrest register number. The Bureau's Japanese indices indicate 51 alien Japanese as having been apprehended with [redacted] and [redacted] having been assigned arrest register number 30, and [redacted] and [redacted] have arrest register number 7. Arrest register number 29 is missing.

It is desired that you furnish the Bureau with the correct arrest numbers as shown in your arrest register.

Office Memorandum • UNITED STATES GOVERNMENT

TO : Director, FBI

FROM : SAC, Philadelphia

SUBJECT: FIELD DIVISION ARREST REGISTER
ALIEN ENEMY CONTROL
QUARTERLY RECAPITULATION LETTER

DATE: April 26, 1944

Reference is made to Bureau letter of April 10, 1944 to Philadelphia concerning the above captioned matter, in which the Bureau pointed out certain discrepancies between the records at the Bureau and this office, relative to the apprehension and arrest of alien enemies in this division.

In the investigation of [REDACTED] INTERNAL SECURITY - S, ALIEN ENEMY CONTROL, the Bureau was advised of this alien's apprehension by teletype dated June 25, 1942 and of his arrest number as G-207. On June 30, 1942, a teletype to the Bureau reflected the apprehension of [REDACTED] INTERNAL SECURITY - G, ALIEN ENEMY CONTROL, and that he was given Arrest Number G-207. This duplication has been corrected so that subject [REDACTED] is now being given Arrest Number G-298. It is to be noted that Arrest Number G-298 was designated to [REDACTED] which alien was apprehended on April 4, 1944, which will be reflected in the next Quarterly Summary of Alien Arrests. It is believed that this will effect the agreement of the records of arrest concerning German aliens at Philadelphia with the records of the Bureau.

The Bureau's Arrest Record reflected 78 Italian apprehensions for this office, with Arrest Numbers I-6 and I-26 missing. The records of this office reflect that [REDACTED] INTERNAL SECURITY - I, ALIEN ENEMY CONTROL, has Arrest Number I-6. The Bureau was advised of this alien's apprehension by teletype dated December 15, 1941, but no Arrest Number was set forth. Arrest Number I-26 has not been used and this number is now being assigned to [REDACTED]. It is believed that these corrections will effect the agreement of the records at Philadelphia with those of the Bureau.

Concerning the arrest of Japanese aliens, please be advised that [REDACTED] has been given Arrest Number J-23. In the records of this office, The Arrest Number J-30 has been assigned to [REDACTED] and the Bureau was so advised by teletype dated August 28, 1942. [REDACTED] was assigned Arrest Number J-7. Reference is made to the report of Special Agent [REDACTED] dated June 23, 1942 at Philadelphia, entitled [REDACTED] ESPIONAGE, INTERNAL SECURITY - J, which reflects that the subject had not been apprehended and the issuance of a Presidential Warrant had been declined. In view of this fact, [REDACTED] is being deleted from the Arrest Register in this Division, and the total Japanese apprehensions at Philadelphia is thirty.

The files of this office fail to reflect any record of [REDACTED] to which individual the Bureau made reference in its letter of April 10, 1944. The Bureau is requested to advise this office as to any record which the Bureau may have reflecting an investigation of this individual at Philadelphia.
